

Date _____

CYC-TV
7807 E. Greenway Road, Suite 6
Scottsdale, AZ 85260

TO WHOM IT MAY CONCERN:

It is my understanding that CYC-TV intends to provide a digital signage network which will be installed in municipalities, government facilities, and universities throughout the United States for the purpose of creating a community based network for broadcasting emergency alerts, amber alerts, event notifications, climate change awareness, disaster recovery information, community events and entertainment.

I would like to review your business model and product demonstration to better determine the possibilities and potential consideration for identifying funding sources that can assist with the deployment CYC-TV.

I have alliances and many unique relationships that may help your organization succeed in its mission to inform, protect, and promote important messages that will inspire members of our community to take better care of our environment.

Regards,
